SOKOA III

Batasuna indicated at the Etxarri meeting that it wished to propose three fundamental issues not yet raised in the Sokoa I (2004) and Sokoa II (2005) debates on the Left in Europe, namely:

**FEMINIST POLICY,
MODEL FOR DEVELOPMENT
NEW FORMS OF STRUGGLE in Europe.**

Since none of the organisations present at Sokoa II has since conveyed any expression of disagreement with the proposal to designate any one of these proposed themes, and no one has put forward any alternative proposal, Batasuna has determined that these are the three themes to be debated on the

15th, 16th and 17th of June, 2006,

in the framework of the Batasuna International Conference "The Left At The Threshold Of Europe" (Sokoa III), as part of the International Conference organised by Askapena in Bilbao during the week 12th - 18th of June, 2006.
